

THE WORDS on EVERYONE'S LIPS ..."the E.I.S. is out."

By now one would expect that most, if not all, residents being affected by this State government's passion to build an expensive white elephant of a dam at Traveston Crossing— should have received their glossy publication and DVD kit.

Now is our chance to address issues and it may be prudent to send submissions re the EIS not only to the Federal government but to the Coordinator General as well. The closing date for our submissions is **MONDAY 3rd DECEMBER, 2007.**

There is information available on the QWI website at
