Shop online at www.savethemaryriver.com; phone (07) 5488 4800 to mail order; or take a scenic Mary Valley day trip and visit the Kandanga No Dam Info Centre for merchandise and facts.

The **Environmental Impact Study** for the **proposed Traveston Crossing Dam** has been released. The report contains questionable science and several items that are incorrect. The public needs to tell the Queensland Government that they will not be fooled by this expensive piece of greenwash. To download a simple guide to responding to the EIS go to www.savethemaryriver.com. There are better alternatives. Do it today. The deadline for submissions is December 3.
